

## MOUNTED POLICE PRESENTED WITH A FLAG TROPHY

Given in Recognition of Display Made by Detail at Syracuse Fair.

In the presence of a large, shivering crowd Mayor McClellan, on behalf of the Traffic Squad of the Police Department, accepted this afternoon a trophy awarded to the detail that gave an exhibition of horsemanship at the Syracuse State Fair. The presentation took place in the plaza at the northern end of Union Square.

There was plenty of music, furnished by the Police Band and the City of Mexico Police Band of seventy-eight pieces, which is temporarily stopping in New York. The Traffic Squad was represented by Troops A, B and C, comprising about 100 men, the pick of the detail.

A. E. Perrin, representing the State Fair Association, presented the trophy, which was in the shape of a magnificent blue and yellow flag.

Among those on the grand stand were Commissioner Bligham, Deputy Commissioner Bughner, William F. Eno, who fathered the existing traffic regulations; Major C. H. Benton, Thomas J. O'Callaghan, and James A. Galavan, who have charge of the traffic regulations in Boston, and Jose Manuel Lopez, Police Inspector of the City of Mexico.

## GOT JOBS FOR 200 UNEMPLOYED MEN

Committee Sent Them to Work on the Erie Road—1,000 Yet on List.

An instance of the practical good being done by the Committee for the Unemployed was an order received at the headquarters, No. 29 Duane street, today from the Erie Railroad for 200 laborers. The notice was posted by Mr. Calhoun as soon as it was received, and there was a rush of idle men for the opportunity to work.

Little time was consumed in picking out 200 men and turning them over to the Erie Railroad agent. The selections were made from those most urgently in need of work.

"These jobs on the Erie," said Mr. Calhoun, "help us out to some extent, but we have more than one thousand more men listed here who are willing and anxious to work. We hope that other employers of labor who are contemplating putting men to work will not neglect the unemployed."

Of the 200 men sent out to work for the Erie few had overcoats. The majority of the men listed at the Bureau of the Committee are without sufficient clothing to withstand the nipping air of these fall days. The Committee will distribute warm overcoats and suits which may be sent by men who have, perhaps, new outfits on election bids. Shoes and socks are also needed.

## CHANLER'S BROTHER STILL HELD INSANE.

Appeal to Upset Verdict of Ten Years Ago Is Denied in the Supreme Court.

The appeal in behalf of John Aymstrong Chanler, brother of Lewis Stuyvesant Chanler, who has renamed himself "Chaloner" in Virginia, to set aside the findings of a sheriff's jury of ten years ago, adjudging him a lunatic, was denied this afternoon by Justice Travis.

The application was based on technical irregularities in the work of the Commission and jury not affecting the merit of the case.

Chanler escaped from Bloomingdale asylum to which he had been committed, and has since been adjudged to be sane by the Virginia courts. He has a large fortune here.

Mr. Chanler was Emile Rive's first husband. She divorced him.

## STOCKS LOSE GAINS ON PROFIT TAKING

Pacifics, Reading, Pennsylvania and the Industrials Lead in the Trading.

Dealings in stocks in the early market today were large, but the price changes generally narrow and somewhat mixed. The refusal of London to follow yesterday's advance here caused some unsettlement in the speculative sentiment.

The only important changes were the advances in Northern Pacific of 1-5/8 and in New York Central and Railway Steel Spring of a point.

In the later trading gains of from 1 to 2 points were made. The Pacifics, Reading, Pennsylvania, Steel and Copper were the features. A number of industrial stocks made sharp advances. Railway Steel Spring rose 2 1/2 and the preferred 2.

The active railroad list was influenced by the profit taking in Northern Pacific and Union Pacific. Some of the leaders resisted the pressure for a while. Reading and Great Northern pf. rising 1-1/4 and Northwestern and American Smelting and others 1. Subsequently there was a general decline which wiped out the rise in Northern Pacific and drove St. Paul, Union Pacific and Southern Pacific fractionally below yesterday's closing.

The market closed irregular, the railroad showing declines of about 1 point, while the industrials generally closed higher. General Electric was the feature of the final dealings gaining 6 points. The total sales of stocks were 1,196,400 shares, and of bonds \$2,924,000.

## TWO COMPOSERS WROTE SAME SONG, COURT BELIEVES

Judge Holt Thinks Writer of "Smarty" May Not Have Heard Rival's Chorus.

Judge Holt, in a memorandum filed today in the United States Circuit Court, denied the application of Myra S. Parker, who has a copyright covering the chorus of the song "The School Playgrounds" for a preliminary injunction against Albert Von Tilzer and Jacob L. Gunn because of the close similarity of the chorus of the song called "Smarty" published by the defendants.

Holding that the actual determination of the questions involved should be left for final hearing, Judge Holt's memorandum reads as follows:

"It is hard for me to believe that Von Tilzer had not heard the chorus of 'The School Playgrounds' before he wrote the chorus of 'Smarty,' although he may have forgotten hearing it and have unconsciously adopted it. But a large number of musical experts of good standing have made affidavits for the defendants and assert that it is entirely possible for Von Tilzer to have written the chorus of 'Smarty' without having heard that of 'The School Playgrounds.'"

"The object in each case was to write a chorus in a simple style of music appropriate for a children's song, and it is ever possible for two composers to independently compose the same air this is such a case."

## A DIFFERENT KIND OF CREDIT

Let us explain to you wherein SPEAR'S System of Credit differs from all others. Some houses give Credit when times are good and money plentiful—when times get bad and money scarce, they "tighten up" and leave you in the lurch when you are in greatest need. SPEAR'S CREDIT IS THE OTHER KIND. When times grow hard SPEAR'S CREDIT GROWS EASIER; when your cash becomes scarce SPEAR'S CREDIT BECOMES GREENER. We know the times are hard NOW, and we know that the average man needs GENERAL CREDIT.

FINANCIAL STRENGTH. We are selling FURNITURE, RUGS, and CARPETS on the easiest terms since we have been in business. You simply CANNOT AFFORD to use the CREDIT of a small store in times like these. A BIG FINANCIAL STRENGTH HOUSE like SPEAR'S can give you the BEST VALUES and LONGEST TIME IN WHICH TO PAY. WE TRUST YOU—you are safe in TRUSTING US. WE WILL TAKE CARE OF YOU.

The China Closet is large and of graceful proportions. It is made of solid mahogany, and is a masterpiece of craftsmanship. It is a real treasure for the home.

**ICE IN CITY HALL PARK.**

Fountain Completely Coated With a Silvery Shield To-day.

Real eighteen-karat ice made its 1908 debut in City Hall Park to-day. The little crystals spread over the grass to the north of the fountain, coating it completely in a silvery shield. The wind from the bay blew the spray of the fountain over the lawn, and the chilly atmosphere molded the water into substantial ice.

In this making its official appearance where New York City's official could view, the little ice pool gave notice of the approaching winter and the thousands of homes to be made warmer and food to be gathered.
